TYMARC ART STUDIOS PRESENTS

SUMMER AND FALL 2005

New Works

“When All Hell Breaks Loose”

When All Hell Breaks Loose...The ultimate in adrenaline, this new work captures the unpredictability of ranch life. A cowboy on horse back, has rescued a new calf and the cow has taken great exception to his interference. The cowboy is skillfully avoiding harmful contact.

This new piece is “Hell Bent” on creating some excitement.
A limited series of 20.

I have been working on creating a more affordable line of sculpture specifically for the gifting programs for groups and organizations. I have come up with a few designs and there are more on the way. The difference is in the production. “Bonded Bronze” is the term used right now for this product. It is still sculpted by me and molded the same way. It is actually resin which has a high content of bronze powder in it. I can even “patina” to some extent. The result is a bronze look sculpture still bearing my signature and dated as I do the bronzes. The advantage is a more affordable product which is suited to not for profit organizations for their gifting needs. Check out the images so far.

2005 SHOW LINEUP

Calgary Exhibition and Stampede

We invite you to join us at Hall “D” in the Roundup Centre at the Greatest Outdoor Show on Earth, the Calgary Exhibition and Stampede, July 8th to the 17th, 2005. You will have the opportunity to view Diane Anderson’s Internationally renowned bronze sculptures first hand.

Spruce Meadows

Come visit Diane and enjoy even more of her creations at the Equifair during the Masters Show Jumping Tournament at Spruce Meadows, the number one show jumping facility in the world. September 7th to the 11th.

The Mane Event Expo in Chilliwack BC

October 21st to the 23rd, 2005

WHAT’S NEXT

MESSAGE FROM DIANE

HOW TO CONTACT US

Lee Iacocca and the *bling bling ball*

Diane travelled to Kansas city to present Mr Lee Iacocca , and Dr Denise Faustman with one of her bronzes entitled " Angels Among Us" . She and her husband attended the Bling Bling Ball, a fund raising evening for the Iacocca foundation's efforts to find a cure for type 1 diabetes. Dr. Faustman has successfully cured the disease in mice and it is estimated that it will take \$11million dollars to bring her results to clinical trials.

Mr Iacocca supplied the first million dollars and is now spearheading fundraising efforts for the rest. The Bling Bling Ball held in St Joseph MO raised \$60,000 for the cause.

Diane also donated 4 limited edition giclee images to the silent auction that evening. One couple, John and Cheryl Jarrett, who own Bredeaux pizza, purchased them all and will be hanging them in their restaurant in St. Joseph.

Thanks to the Calgary Flames Ownership Group for commissioning the sculpture Fanning The Flames. It is an honor to work with such a great group of people.

Recent Commissioned Works

Diane has been working almost exclusively on commissioned projects over the past year. Paramount Resources, Calgary Flames, MacElhanney and Associates, Dr. L Stanleigh and Between Friends, are among the list of customers. Look for 2 other commissions to be unveiled in the fall... for now they are secrets.

A message from Diane

This year has been a very exciting year for me. I have been creating works that have been commissioned by some incredible groups. I have done many commissions over the years and it is always interesting to create a gift for another. I find it challenging to design and create something that will be used to honor another person.

The change in how I work has been very interesting to say the least. It has been one of the most rewarding years creatively and I thank everyone that had faith in me.

Drop in and see me at my shows and lets talk about putting your ideas into bronze.
